Objectives

Environmental Policy Aim.

T J Contracting's aim is to be positive contributor to the community and the country. It is our aim to work in a manner that will not harm the environment.

To achieve these aims, management will adhere to the following environmental protection principle.

- ✓ Operating and continuously assessing and improving environmental management systems, performance, policies and procedures
- ✓ Keeping informed of, and complying with, all applicable environmental laws and by-laws as a minimum standard
- ✓ Ensuring that workers are made aware of, and comply with, environmental laws, by-laws and company environmental policies and procedures, and that each worker actively fulfils their role in environmental responsibility.
- ✓ Identify and implement systems to minimize waste.
- ✓ Recycle waste wherever possible.
- ✓ Handle waste appropriately, ensuring that all hazardous substances will be disposed of appropriately and that hazardous substances will not be poured down drains or onto the ground.
- ✓ Spillages will be cleaned up or contained immediately to ensure that the hazardous substance does not access drains or waterways. If major spillages occur, then the appropriate Emergency Service will be called.
- ✓ No unauthorized fires are to be lit.
- ✓ As far as practical, minimize energy consumption.
